CHINESE MERCHANTS OF

Big Banquect Yesterday and Many People at the Festive Board ---Officers of the

Just previous to the oncoming Chinese New Year, the principal Chinamen of the Oahu Lumber, Building & Land Co. got together and decided to form a merchants' club and thus get ahead of their white brothers who have been talking about such an institution for many months past. They laid all their plans and decided on the third and last floor of the building at the junction of Beretania and King streets as their club quarters. This building they were themselves putting up, so it was an easy matter to obtain it for the purposes required.

When the New Year arrived, the Chinamen, twenty-five strong, were in shape to entertain their friends and. as it proved later, the club house was one of the most frequented places in Chinatown. Its height above the surrounding buildings, gives it an advantage that was not slow to be recognized by the Chinese. They went there in crowds because it was more pleasant than any other place. Chinese lanterna were hung about in profusion and ferns and palms added fust the right touch to give the club rooms an appearance of great respectability.

All through the New Year, the members of the club were in attendance at the club rooms and there, their friends of all nationalities called on them and their congratulations.

though the furnishings are not all in the building and, in fact, the building itself is not yet completed, the Chinamen of the club have got along remakably well. Yesterday took place, the final cele-

bration of the New Year. It was in the nature of a banquet to the members of the club by the members themselves and many were the friends invited to attend. A dozen or more tables, each with eight chairs, were set in the large hall on the second floor on account of the crowds upstairs. It was at about 4 o'clock that the Chinamen sat down. The first installment was gone through with and then, as is the Chinese custom at big banquets, the guests went away for a short time and then returned to the hall for the second install-

Dyspepsia can be and is cured by the use of PAIN-KILLER. This is the most wonderful and valuable medicine ever known for this disease; its action upon the system is entirely different from any other preparation ever known. The patient while taking this medicine may eat anything the appetite craves. Avoid substitutes, there is but craves. Avoid substitutes, there is but one Pain-Killer, Perry Davis', Price 25c, and 50c.
